

Hairy Groupies is a young glam rock band from the Czech Republic, attracts the attention of all age groups with its originality. We stand out with our original songs, female vocals, harmonious choruses, unique image, great stage presence and, last but not least, our pyrotechnic show. Our latest album, produced by the renowned American producer Dennis Ward (Halloween, Unisonic...), peaked at number 4 in the TOP 20 of the Amazon charts in the USA. You can read about us in rock magazines, hear our music on the radio (Radio Request, Grove Station, Dark-Metal-Radio...), on YouTube, Spotify, TV and most importantly at music events.

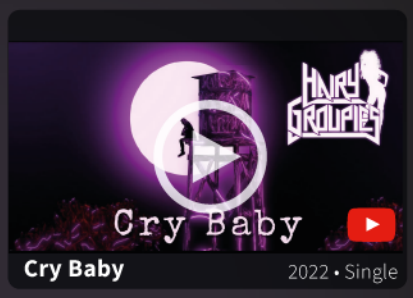

The band has taken part in numerous events in the Czech Republic (Masters Of Rock, Legends Rock Fest, Vysočina Fest...), many shows abroad as part of the national midsummer celebrations in Sweden or the official HD120 birthday event in Budapest, Hungary and also opened for the famous Slade in Germany.
